

Global

Adjustable and Lightweight
Manual Wheelchair

GLIDE

The **Glide Global** manual wheelchair combines adjustability, rigidity and lightweight all in one design. Engineered for comfort, performance, and adaptability. The adjustable axle block and seat depth ensure a personalised fit, maximizing comfort and optimizing your riding experience.

This adaptability makes **Glide Global** suitable for a wide range of users, providing exceptional support and stability.

With an impressive 160kg weight limit in the crash-tested lightweight frame, the **Glide Global** offers the perfect balance of portability and strength. Enjoy effortless manoeuvrability without compromising on durability or safety.

Adjustable armrest height

User adjustable armrest height with single button. The convenient flip-back mechanism allows for easy transfers and access, enhancing your overall mobility experience.

Adjustable seat depth

The seat depth is adjustable from 42cm to 47cm all in one frame allowing for a perfect fit.

Adjustable axle plate

With our adjustable axle plate various rear wheel positions can be achieved.
