Molift Air 200

The compact, powerful hoist optimized for long term care

Molift Air 200

Molift Air 200 is an affordable, well-designed and highly functional ceiling hoist for users up to 205 kg. Combined with Molift Rail System and Molift slings, this hoist solves most day-to-day hoisting situations in health care and other patient handling environments.

Comfort and quality

Molift Air 200 combines the need for maximum comfort with efficient and safe hoisting situations. The design and user-friendliness bring an exceptional freedom, which enables a single caregiver to perform daily lifting situations, allowing more time for caring for the individual user. For the caregiver, a better working environment is possible without the need for manual lifting. The user experiences a dignified, safe and comfortable lifting.

The flexible hoist

Molift Air 200 is suitable for sitting and horizontal transfers, as well as standing and gait training situations.

Molift Air 200 is used with fixed ceiling rails but can also be used for portable free-standing systems. It is easy to handle during installation and servicing, due to a very low weight and the smart quick release function.

Molift Air 200 offers flexible solutions such as In-Rail Charging (IRC), Propulsion and possibilities for room-to-room transfer. Add to this the safety features, the large lifting interval and the multiple range of sling bars. This hoist is the complete solution for all healthcare segments.

Features

Quick release device for trolley

Molift Air 200 is easy to handle during installation and servicing, due to a very low weight and the smart quick release function. With a simple grip, the motor is disconnected from its trolley and removed.

Silent and soft operation

Molift Air 200 works very quietly and has a soft start and stop operation. This results in a comfortable and safe feeling for the user during the transfer situation.

Intuitive hand control

Molift Air 200 has a new intuitive handcontrol with attachment possibility on sling bar and optional docking station for wall.

Small hoist - great lifting capacity

Molift Air 200 is very small and weighs only 8,6 kg. Nevertheless it has a lifting capacity (SWL) of 205 kg. The size and weight makes it very easy to operate and move for the carer during different transfer situations.
